Additional sign. To face towards the village
Pole needs to be straightened
Additional sign. To face towards the village
Lettering on HGV sign in poor condition, needs to be replaced
Pole needs to be straightened
foliage needs cutting back
Additional sign. To face towards the village
Additional sign. To face away from the village
Relocate both to **
(opposite the driveway of Applegarth)
**

The Holloway:

- The give way sign is on a raised bank outside the driveway to Redlands. Propose that this is removed, the pole re-sited to the opposite side of the driveway (closer to the bridge) and a new sign advising give way to oncoming traffic, supported by dashed white give way lines and removal of central road markings beyond this point.
- Move existing give way sign to nearer the junction.
- Cut back foliage to improve visibility of the signs.
- Additional warning of wildlife sign opposite Edgewood Bungalow as this is an important crossing point for deer and other wildlife.
- The Rowney Green Lane sign was damaged by construction traffic along with grass verges on the Holloway and the grass triangle at the junction with Rowney Green Lane. All need to be repaired and reinstated.
